DECLARATION OF CONFORMITY

MANUFACTURER: GroGlass Ltd., street Katlakalna 4B, Riga, LV-1073, Latvia, Registration number 40003710276, hereby confirms that the goods described below:

DISTRIBUTOR: The Authorized Distributor of Artglass Products in Italy is Salvadori Cornici SRL

PRODUCT: 2 mm Magic Glass; 2 mm Top Glass on low-iron (water white) substrate

is PRODUCED in proprietary GroGlass vertical vacuum magnetron sputtering process and has passed the following durability tests:

Standard	Name	Tested properties
LVS EN 1096-2	Glass in building- Coated glass- Part2: Requirements and test methods for class A,B and S coatings	Condensation resistance test Neutral salt spray test Abrasion resistance test
DIN ISO 9211-4: 2006	Optics and optical instruments- Optical coatings- Part 4: Specific test methods	Abrasion resistance test Adhesion test Crosshatch test
ISO 9022-2	Optics and optical instruments- Environmental test method Artglass WW Part 2: Cold, heat and humidity	Cold, heat and humidity resistance test Climate cycling test

OPTICAL PERFORMANCE for 2 mm Magic Glass; 2 mm Top Glass is described in the table below:

Applied materials	Metal Oxides
Method of production	Magnetron Sputtering on both sides
Type of Optical Coating	Multi-layer Interference
Visible Light Transmission (380-780nm, according to EN410)	98-99%
UV protection (300-380 nm) for Magic Glass	>70%
UV protection (300-380 nm) for Top glass	~92%
Visible Light Reflection at 0° angle (380-780nm, according to EN410)	~ 1%
Glass Substrate	Low-iron (water white), regular float substrate

Artglass UV 92 together with glass substrate blocks out >99% of UVB (most harmful) rays.
